About *VAGABOND* and Miyamoto Musashi

Takehiko Inoue's *VAGABOND*, based on Eiji Yoshikawa's novel *MUSASHI*, is a fictional account of the life of Miyamoto Musashi (1584-1645). The historical figure Miyamoto Musashi, author of the philosophical strategy guide *A BOOK OF FIVE RINGS*, was a master of the sword and was revered as a "sword-saint." He founded the Niten Ichi style of sword fighting, which is typified by fighting with both long and short swords simultaneously—holding the long sword with the right hand and the short sword with the left. Musashi was also a master of the "gentler arts"—he was a master of *sumi-e* (black ink drawings), metalworking, and woodcarving. The films that comprise *THE SAMURAI TRILOGY*, directed by Hiroshi Inagaki and starring Toshiro Mifune, were also based on Yoshikawa's *MUSASHI*. Inspired by the huge success of *VAGABOND* in Japan, in 2003 NHK produced the historical period drama *MUSASHI*. Also based on Yoshikawa's novel, this drama stars kabuki actor Shinnosuke Ichikawa as Musashi and TV star Ryoko Yonekura as Otsu.

Glossary and Extraneous Background Information

A Brief Historical Overview
The *Sengoku* (warring states) period (1482-1558) in Japan was a time of chaos and conflict. Central authorities, in the form of the imperial court and the shogunate, had grown increasingly weak and the land was effectively ruled autonomously by numerous *daimyo* (domainal lords). Looking to expand their spheres of control, the *daimyo* were constantly at war with each other. One *daimyo* in particular, Oda Nobunaga, set out on a mission to unify Japan by means of conquest. Incredibly successful, by the time of his assassination in 1582, he managed to control approximately one-third of Japan. One of Nobunaga's chief generals, Toyotomi Hideyoshi, became Nobunaga's successor to carry on the quest for unification. Through a process of conquest and conciliation, Hideyoshi succeeded in creating a federation amongst the *daimyo,* and by 1590, order was restored to Japan under Hideyoshi's rule. Hideyoshi's death in 1598, however, presented the question of succession. Most of the *daimyo* from the domains in the west remained loyal to the Toyotomi Clan and its 5-year-old heir, Toyotomi Hideyori. Tokugawa Ieyasu, however, leading the major *daimyo* from central and eastern Japan, challenged the Toyotomi clan's leadership. The two sides clashed at the Battle of Sekigahara (1600) in Mino (located in present day Gifu Prefecture) where the Tokugawa claimed an overwhelming victory. From that point on, the Tokugawa clan would effectively rule Japan for the next 250 years. The political stability that resulted put mass numbers of samurai out of work. Masterless samurai, known as *ronin*, were forced to wander the land to seek out employment. This, the beginning of the Edo Period (1600-1868), set the stage for many of the period dramas and *chambara* sword-fighting films that have popularized the image of the samurai to a Western audience.

Hon'ami Koetsu (1558-1637)
Famed artist and calligrapher who co-founded an influential arts movement called the Rinpa School. Koetsu was involved in numerous fields including tea ceremony, pottery, and calligraphy. In addition, Koetsu succeeded the line of his family's ancestral business of sword polishing and appraisals.

Hozoin Spear Technique
Created by the Buddhist monk Kakuzenbo Hoin In'ei (1521-1607) of Hozoin Temple, which was a sub-temple of Kofukuji Temple in Nara. This spear technique is typified by quick dexterous movements rather than the use of brute force.

Ito Ittosai (Dates unknown)

Rengeoin
Located in eastern Kyoto, Rengeoin Temple is more commonly referred to as Sanjusangendo. The main hall of Rengeoin features an amazing display of 1001 Kannon Buddhist statues.

Sasaki Kojiro (dates unknown)
The legendary archrival of Miyamoto Musashi, Kojiro is believed to have studied the Chujo-ryu style of swordsmanship under the instruction of either Toda Seigen or Kanemaki Jisai. Kojiro was renowned for his *Tsubame-gaeshi*, or "swallow-cut" technique which was inspired by the movement of a swallow in flight.

Shinmen Takezo
Miyamoto Musashi's boyhood name.

Takuan Soho (1573-1645)
A monk of the Rinzai sect of Zen Buddhism, by the time Takuan was 37, he was appointed abbot of the leading temple of the Rinzai sect, Daitokuji. Takuan was an important figure whose acute and brutally honest advice was sought by influential and powerful figures such as Emperor Go Mizuno and the shogun Tokugawa Iemitsu. His correspondence to Yagyu Munenori discussing Zen and swordsmanship entitled *THE UNFETTERED MIND* has become an influential treatise in both the areas of philosophy and martial arts. The pickled daikon radish, *takuan*, also bears his name.

The Yagyu Clan
Yagyu Muneyoshi Sekishusai (1527-1606) was the founder of the famed Yagyu-Shinkage school of sword fighting. His son Yagyu Munenori (1571-1646) was one of Tokugawa's key generals at the Battle of Sekigahara. Munenori was appointed as the official fencing instructor of the Tokugawa Clan, and in 1632 the Yagyu were appointed as the *ometsuke*–responsible for the surveillance of the *daimyo*. Although the Yagyu clan has been depicted in Kazuo Koike's *LONE WOLF AND CUB* as the plotters of the downfall of Itto Ogami, the general Japanese popular culture take on the Yagyu Clan is more positive. More specifically, Munenori's son, Yagyu Jubei (1607-1650), is viewed as a wandering hero protecting the people from evildoers.

Yoshioka Kempo (dates unknown)
A distinguished warrior during the *Sengoku* period (1482-1558) and the founder of the renowned Yoshioka school of sword fighting. Yoshioka Kempo mastered the Kyohachi style of swordmanship and then modified it to form the Yoshioka style. In the context of Inoue's *VAGABOND,* as well as in Yoshikawa's *MUSASHI*, Yoshioka Seijuro and Denshichiro are Kempo's sons, who are historically thought to have dueled with Miyamoto Musashi on numerous occasions.
